Miller & Martin's Corporate attorneys represent public and privately-held businesses in matters of day-to-day counseling and business advice, capital formation and structuring and implementing transactions.

Our team manages financings, leveraged buyouts and recapitalizations, public offerings, mergers and acquisitions, SEC compliance, private equity transactions, real estate capital markets transactions, LLC, corporation and partnership formation, and strategic alliance arrangements including corporate partnering and joint ventures. Clients look to us not just for nuts-and-bolts legal work but, more importantly, as their trusted advisors.
