

Jason McCarter Presents EV Legal Considerations for Remarketers at Used Car Week 2021

Posted in Event on September 23, 2021

Jason McCarter, litigation attorney and chair of Miller & Martin's Automotive practice group, presented the topic "[Remarketing Recharged – Insulating Against EV Shocks](#)" as part of the National Remarketing Conference during [Used Car Week 2021](#) held November 15-18 in Las Vegas, NV. The session covered some of the material risk and legal changes that remarketers should consider as their companies interact with electric vehicles and ways to work with their operational, marketing, legal and insurance teams to plan ahead and minimize surprises.

(Presented November 17 at Used Car Week 2021 by Jason McCarter of Miller & Martin)

Mr. McCarter is a skilled business litigator who represents automotive, technology, and other business enterprises in complex commercial disputes and regulatory investigations. He is often called upon to counsel and advocate for clients facing contract, business tort, secured lending, creditors' rights and licensing issues. He practices in state and federal courts and alternative dispute resolution forums around the country.

Used Car Week is presented by Cherokee Media Group, publisher of [Auto Remarketing](#), [Auto Remarketing Canada](#), [SubPrime Auto Finance News/BHPH Report](#) and [Auto Fin Journal](#). Used Car Week unites all corners of the used-car industry from remarketing to dealer-consignor relations and auto finance to discuss trends, forecasting for the future and prepping for the road ahead.
