Posted in Event on January 28, 2025

Join **Global Atlanta** and **Miller & Martin** for a discussion with **Rizwan Saeed Sheikh**, Pakistan's ambassador to the United States since August 2024, on investment opportunities as the country of 235 million people reaches for reform.

Topics to be discussed:

- The government's efforts to boost financial inclusion and drive growth through its Uraan Pakistan plan, which aims to seed 6 percent growth by 2028, led by export-oriented sectors and in collaboration with the World Bank and other multilateral institutions, as outlined by the finance minister at the recent World Economic Forum.
- How sectors like energy, infrastructure, technology, mining, and agriculture offer substantial growth potential, and how foreign investors from some of the world's most dynamic economies are seizing opportunities in this key South Asian market.
- Explore deeper university collaborations and opportunities for the mutual recognition of degrees and credentials to drive further exchange.
- Address how Pakistan will work with the new U.S. administration, manage regional tensions and where it sits in a world increasingly marked by U.S.-China rivalry.
