Join us for a special Business Over Breakfast as we will be joined by the President of the ABCGA KSU Student Chapter, Alex Vanderwolf, to share important updates about the chapter. This student chapter was re-ignited this past Fall and has seen tremendous growth over the last 9 months. They are the fastest-growing student organization at KSU and have worked diligently to utilize the resources offered by ABC of Georgia to ensure their student members are positioned to learn, connect, and ultimately earn internships and employment within the Construction Industry.

Business Over Breakfast provides ABC of Georgia members on the business side of construction the opportunity to come together monthly to discuss ideas of common interest.

Breakfast will be provided at the meeting!
