September is Suicide Prevention Awareness Month, and we are proud to dedicate our September Business Over Breakfast to this important topic.

Joining us will be Dr. Brian Moore, health psychologist and Director of the Center for the Advancement of Military and Emergency Services (AMES) Research at Kennesaw State University. Dr. Moore's work has enabled him to lead local and state-level efforts to reduce suicidality and promote behavioral wellness on a national level. He serves as a subject matter expert in behavioral health for the Department of Homeland Security, as a member of the Governor's Veteran Health/Suicide Prevention Task Force, Crisis Intervention Training Advisory Board, and Georgia Veterans Network Leadership Council.
